PENS SAFETY BY-LAWS – ANNEXURE 2

SECTION I

These By-laws have been promulgated by the Management Committee of Hillarys Yacht Club Inc as a set of minimum requirements for all vessels occupying pens in the Club or alongside any wharf or jetty within the Club leasehold. These By-laws should not be construed as providing a full set of safety standards as the safety of each vessel and its occupants is the responsibility of its owner or his nominated agent. Further, each owner and/or vessel is subject to all the relevant laws and regulations of the State and Commonwealth of Australia.

1. GENERAL

- 1.1 A safety inspection of every vessel is required prior to occupation of a pen. A vessel complying with these By-laws will be issued with a safety compliance sticker by the club, visible from a main or finger jetty.
- 1.2 Re-certification is required every four years.
- 1.3 Exemptions from By-law 1.1 may be granted, subject to conditions, approved by the management committee.
- 1.4 Any interpretation, clarification or decision resulting from these By-laws will be given by the Management Committee and be deemed final.
- 1.5 Every vessel owner shall supply the Club with a complete detail of his vessel prior to inspection. Any subsequent equipment change or modification shall be notified in writing to the Club and may result in a further inspection.
- 1.6 Absence from a vessel with the propulsion engine running within the Club leasehold is not permitted.
- 1.7 Vessel owners are responsible for any damage caused by their breach or non-observance of these By-laws.
- 1.8.1 “Vessel owners are required to insure for Public Liability for not less than TWO MILLION DOLLARS (\$2,000,000) or such greater amount as the Club may require at any time and from time to time after Notice to the vessel owner in an insurance office approved by the Club in respect of all indemnities referred to in Condition of this Clause and produce or cause to be produced to the Club a copy of the relevant policy or policies of insurance and premium receipt thereof.”
- 1.8.2 “Vessel owners are required to ensure that contractors engaged to carry out works on their vessel are insured for Public Liability for not less than two million dollars (\$2,000,000) or such greater amount as the club may require from time to time. The vessel owner shall cause to be produced to the Club, a copy of the relevant policy or policies or insurance and premium receipt thereof if so requested by the Club”.
- 1.9 Reference Documents are detailed in Annexure 1 attached hereto.
- 1.10.1 Unless suitable reason or justification can be provided by the owner or agent to the Management Committee for non-compliance in respect to the By-laws, the Management Committee may arrange for an appropriate licensed person or authority to remove the boat or hull or structure at the owner’s expense.

- 1.10.2 Members who fail to comply with these By-laws will have the matter referred to the Management Committee.

2. ACCESS

- 2.1 A member of the Management or Safety Committee, or an authorised representative of such Committee has the right to board any vessel within the mooring pens area to inspect and adjust mooring lines as necessary and may move such vessel if in the opinion of such person the vessel is likely to be in peril or is so situated as to interfere or obstruct other members in their normal utilisation of Club facilities.
- 2.2 Forced access by any Club member to deal with fire or other emergency and the movement of a vessel to eliminate a danger to itself or other vessels shall be accepted by the owner without recourse to the member concerned or the Club. Such action is accountable to the Management Committee.

3. JETTIES AND PENS

- 3.1 Vessel owners are responsible for the maintenance and security of their own and the Club's moorings and equipment and to ensure that it be maintained in good condition. All shackles are to be safety seized (wired).
- 3.2 Owners are requested to regularly inspect all ring bolts and nuts are to be securely tightened.
- 3.3 Every moored vessel shall be located within its respective pen and any projection of the vessel will be at the discretion of the Management Committee.
- 3.4 Jetty security gates shall be kept shut and locked at all times. Upon departing the jetty, gates are to be checked for security. After hours the Main Gates shall be kept locked.
- 3.5 A Club member who holds a security key to the Club Pen System is not permitted to provide any person, not being a Club member, with that key or have cause to have that key copied or duplicated in any way.
- 3.6 No member shall cause obstruction across a jetty so as to cause interference or injury to any other person.
- 3.7 No member shall modify, improve or alter any jetty or pen without prior written approval from the Management Committee.
- 3.8 All moored vessels shall be tied fore and aft with lines, using weights to act as springs. Approximate weights on each mooring line are as follows:
- vessels up to 9m - a minimum 40 kg Dry Weight each
 - vessels 9.1m-10.5 - a minimum 45kg Dry Weight each
 - vessels 10.6m and over - a minimum 50kg Dry Weight each
- 3.9 All spliced ropes to have a minimum of five tucks and the correct length shall be used so that a vessel is moored in a safe position on each occasion.
- 3.10 Dinghys must not be stored on finger jettys nor moored under any jetty.

- 3.11 All splices in contact with shackles must include a metal thimble. Soft splices in contact with bollards or cleats should be protected from chafing.
- 3.12 Mooring lines of polythene, nylon or a combination of both shall be used. Minimum diameter per length of vessel is as follows:
- | | |
|--------------|------|
| • up to 6.6m | 14mm |
| • 6.7m-9m | 16mm |
| • 9.1m-10.5m | 18mm |
| • over 10.5m | 20mm |
- 3.13 Prior to any change of pen occupancy, notification shall be given to Club Administration, this includes visiting vessels mooring in Club pens.
- 3.14 If side springers are required to be used to stop fore and aft movement of a moored vessel, then they are to be attached on the weighted chains. It is strictly prohibited to attach any rope, mooring or springer line direct from the eyebolt to the craft.
- (a) Mooring diagram. Annex to these By-laws.

4. USE OF FUEL

- 4.1 No decanting of fuel in pens is allowed except in an emergency.
- 4.2 Pollution by allowing petrol, oil or other flammable liquid or refuse contaminated with similar combustibles or pollutants to be discharged or thrown into the waters in the Marina or precincts of the Club is forbidden.
- 4.3 No carburettors shall have an open air inlet, but shall be fitted with either a flame arrester or air cleaner to avoid "back fire" flame.
- 4.4 Portable or auxiliary fuel tanks shall be constructed of metal or any other approved materials and not in any event fuel be carried in non approved plastic containers. (Nav Reg 52E).
- 4.5 All other fuel fittings are to meet the approval of the Department of Marine & Harbours AS 2117.

5. POWER USAGE IN PENS

- 5.1 **CONNECTING TO POWER OUTLETS:**
The supply voltage is at 240V 50HZ supplied by special purpose outlets which will accommodate special purpose plug, type Clipsal 56P315. Special purpose socket for shore power installation is type Clipsal 56CSC315. Craft inlet socket is type Clipsal 56A1315. (These meet IP56 standard of weather protection).
- 5.2 **DISCONNECTING FROM POWER OUTLETS:**
- (a) Ensure that the supply is switched off and the flexible cable is disconnected and any tie cord loops are unhooked.
- (b) The flexible cable should be disconnected first from the jetty GPO, and then from the boat inlet-socket.
- 5.3 **BATTERY CHARGING:**
Battery trickle chargers attached to the Club's power mains are permitted to be left unattended under the following conditions:

- (a) A suitable fuse shall be fitted on the AC side of the Battery Charger. The Battery Charger must have automatic voltage cut out.
- (b) The lead from the AC mains to the vessel shall be of 15 amp 3 core or TRS in good condition. Such lead shall be attached to the vessel and jetty in such a manner that no chafing or rubbing can occur at the point of attachment. Lead to be a minimum of 50mm from water. The lead is to be of continuous length.
- (c) Preferably to have an earth leakage circuit breaker between main jetty, GPO and lead.
- (d) No flammable liquid operated Battery Charger or Generator Set shall be left running while a vessel is unattended in the Club Marina or alongside any Club jetty or wharf.
- (e) The battery charging equipment when being used on the vessel must be checked at maximum 24 hour intervals.

6. ELECTRICITY
